## Breathing Air Filter Cartridge for Radex and BLD Filters

- Corrosion resistant poly casing
- Suits Radex and BLD breathing airline filters

### Manufacturer's Recommendation:

- For maximum efficiency air filter cartridges must be changed every 3 months or 400 hours usage – whichever occurs first.
- The cartridge should be changed immediately if:
  - User feels, smells or tastes contaminants or odors
  - Filter begins to pass moisture through outlets
  - Outlet pressure falls below 85 psi

Part Number	Description
AP F3100	Air Filter Cartridge (Each)

**HOW LONG HAS IT BEEN SINCE YOU  
CHECKED THE QUALITY OF YOUR  
BREATHING AIR?**

See the simple test procedure on page 234.

## Breathing Air Filter Cartridge for AFC Series Filters

- Corrosion-resistant poly casing – supersedes metal casing cartridge
- Air flow direction indicator for correct installation

Part Number	Description
AP AFC100	Air Filter Cartridge (Each)
